

# HSD CORPORATION

HSD has teamed up with Buck Knives to thank you for being our customer!

With each valve repair you send in, you can choose one of Buck's 2019 catalog knives from the Every Day, Tactical, or Survival Collection. Collections will rotate throughout the year. The more you repair, the nicer the knife!

Please print this form and circle which item you would prefer. Send it in with your order and we will return your valves with your new Buck Knife.
